

STREAM INSECT MONITORING

TROUT UNLIMITED & MI TROUT UNLIMITED COUNCIL

CONTACT PERSON: JAMIE VAUGHAN JVAUGHAN@TU.ORG OR 312-391-4760

Why monitor stream insects? Stream insects are a good measure of water quality since many are pollutant sensitive and can be rapidly identified.

.....

What will we do? Volunteers will be assigned to a monitoring group with a team leader. Each group will collect and identify insects from different stream sites in the Rogue River watershed. You don't need any experience with stream insects to participate and all ages are welcome.

.....

What will I need? Please RSVP to Jamie Vaughan if you would like to attend. Lunch will be provided for all volunteers. Please bring waders if you have them and dress for the weather conditions. Children under 16 years old need to be accompanied by an adult.

DATE: 5/5/18

TIME: 9:00 A.M.—1:00 P.M.

WHERE:

**Rockford Community Cabin
220 North Monroe Street, Rockford**
